IPORupee.com (Part-Time Job)

(03/2025 – 10/2025)

Madhapar, Bhuj.

Responsibility :

Managed the complete development and deployment of the IPORupee.com website. Designed and built the website based on custom client requirements, initially developing the admin panel in Flutter before transitioning it to a Knex.js and Node.js stack for better scalability and maintainability. Implemented a robust backend with Knex.js, handled AWS deployment and infrastructure management, and successfully managed the entire project end-to-end as the sole developer.

Nine Softech (Part-Time Job)

(07/2023 – 10/2023)

Hyderabad, Telangana.

Responsibility

- Building real-time bus tracking applications: BusBuddy Drive and BusBuddy Admin.
- These applications are designed to provide real-time tracking and management solutions for the bus transportation industry.
- Creating user interfaces for the QMS Rider application. Designing user interfaces for a Church application.
